Resume — Currently in Development

This is a placeholder file. A full, polished resume is on the way — for now, the best places to see real, working proof of what I've built are:

- > **GitHub** github.com/AFIN7 — Jarvis (AI voice assistant), this portfolio, and more
- > **Instagram** instagram.com/_af1n.7 — build logs and progress, posted regularly
- > **In progress** Full-stack apps (JS/TS, React, Node.js) and cybersecurity fundamentals

> keep building...
